Outcomes of event:

- 1. Improved Figma Proficiency:** Participants gain a better understanding of how to use Figma for UI/UX design.
- 2. Increased Awareness:** Attendees become more aware of the significance and applications of Figma in the design industry.
- 3. Creative and Innovative Designs:** Contestants produce creative and innovative designs during the Figma Design Contest.

4. Skill Demonstration: Participants have the chance to demonstrate their design skills using Figma, which can be showcased in their portfolios.

5. Competition Recognition: Winners of the design contest receive recognition for their design abilities and competitive spirit.

6. Knowledge Sharing: Participants exchange ideas and techniques, fostering a culture of collaborative learning within the club.

7. Enthusiasm for UI/UX Design: Attendees leave the event with increased enthusiasm and motivation for pursuing UI/UX design.

Conclusion

In conclusion, our UI/UX club event focused on Figma has undoubtedly achieved significant milestones. Through the guest lecture and Figma Design Contest, participants had the opportunity to enhance their skills, gain valuable industry insights, and showcase their creative abilities. The event not only fostered a sense of camaraderie among attendees but also facilitated meaningful connections with professionals in the UI/UX field.

By providing a platform for knowledge-sharing and skill development, our club has contributed to the growth and enthusiasm of its members in the realm of UI/UX design. The event's success is a testament to the dedication and hard work of the club's organizers and participants alike.

Should need more hands-on experience

Should give more time

Conduct more webinars so that we gain more knowledge and concept

More time is required

I would be great if we have more such types of sessions with industry grade tools like Figma much often! And also, please conduct regular 1 to 2 hours' time bound session so that everyone could practice and perform well

I want to learn more

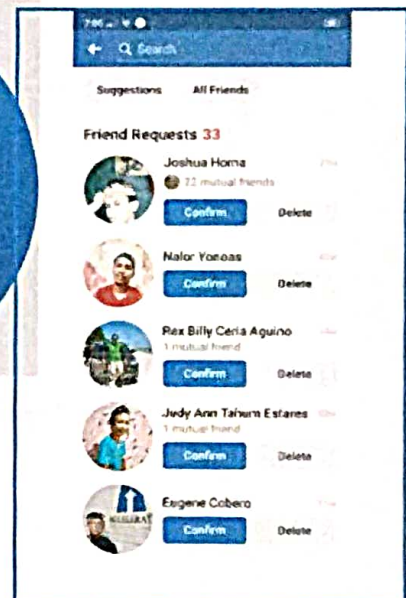

Give more Time for editing and keep webinars offline so that we can get crystal clear idea about the things You're teaching but that was great up to now !! Thank You for the session ❤️

Summary:

The UI/UX Club at ANITS conducted an event under ACM on Figma, comprising an online webinar and design competition, proved highly successful in uniting design enthusiasts and professionals. The webinar featured expert insights on Figma, providing attendees with valuable knowledge, best practices, and real-world examples. The subsequent design competition challenged participants to demonstrate their creativity and design skills using Figma, fostering a sense of community and offering a valuable resource for both newcomers and experienced designers.
