DEPARTMENT OF INFORMATION TECHNOLOGY

ANITS

TITLE OF THE PRACTICE: MOCK INTERVIEWS

- A mock interview helps you learn how to answer difficult questions, develop interview strategies, improve your communication skills, and reduce your stress before an actual job interview.
- During a mock interview, the interviewer may use a semi-structured interview format rather than asking a formal list of questions.

OBJECTIVES OF MOCK INTERVIEWS

- Help reduce stress and anxiety
- Help boost your confidence
- You could get constructive feedback
- Preparing for behavioral based interview questions
- Practice makes perfect
- Nervousness
- Body Language
- General Knowledge
- Familiarizing with the situation
- Feedback implementation

HOW MOCK INTERVIEWS BENEFITS STUDENTS:

- Mock Interviews create a platform to all the final year students who have eligibility for getting into companies after their final year. This mock interview will be conducted by different Industry Experts from various Industries over the globe.
- Alumni Experts also will be included for conducting the mock interviews. Different rounds like Technical and HR will be included while conducting the mock and also the suggestions will be given to each and every student by the expert and based on those suggestions they will improve their skills while attending the real placements.
- Due to this Mock Interviews each and every student will be benefited and also the positiveness will be created and most of our Department students have been placed on campus as well as off campus too and mainly the fear in them while attending the actual interview will be gradually decreased due to these mock interviews.

Panel no	Date of Mock Interview	Industry Experts	Expert Designation	Industry Name	No. of Students
1	17.07.2022	K.BALA GUPTA	CLOUD SUPPORT ENGINEER-1	AWS, HYDERABAD	10

IMPACT ANALYSIS OF MOCK INTERVIEWS

- A mock interview helps you learn how to answer difficult questions, develop interview strategies, improve your communication skills, and reduce your stress before an actual job interview.
- During a mock interview, the interviewer may use a semi-structured interview format rather than asking a formal list of questions.

ANALYSIS:

- In the academic year of 2022-2023 the total eligibility students for placements is 180 and
- Out of 162 total no. of students placed in multiple companies is 106.
- The Mock Interviews have been conducted for both eligible and non-eligible candidates.
- Out of eligible have attended for the mock interviews and all 106 have been placed.
- The placement of student data can be referred to placement file no 56.

MockInterview Feedback:

Sravani:
-> Since she is selected to EPAM, she should focus on Java Concepts

-> There is too much of facial expressions in her face while answering.(Can also see tension in her face when she could not answer)

-> Need to learn Oops Concepts

-> Need to Explain Concepts much more clearer.

Prashanthi: -> In Introduction, she should start her education from highest degree, not from tenth class.

-> Need to do Coding (I just asked a simple basic coding question, she could not answer it).Practice basic coding questions which are available in the internet.

-> She was able to explain concepts, but need improvisation

Vyshnavi:
-> In Introduction, she should start her education from highest degree, not from tenth class.

-> She was unable to explain concepts Cleary.Need improvement.

Leela:
-> Introduction is Nice

-> Have good knowledge in Basic Coding

-> Need to learn OS Concepts

Shanmukh:
-> Introduction is Nice

-> Need to learn theoretical Concepts.

-> Able to code.It's Good.

-> He Mentioned Windows and Linux Operating Systems as Technical Skills,but unable to answer any questions on them. Resume should be in a way that he should mention whatever he is been good at.

Nymisha:

Sai Teja:

    —> Nice Intro

    —> Good Communication Skills

    —> Prepare Standard Algorithms for Interviews

—> Did not discuss about projects in Intro.

Hemalatha:

—> Intro should start from highest degree not from Intermediate and also not mentioned about projects in intro

—> Description of projects is not mentioned in Resume

—> Good in Python Concepts and Need to learn DS Concepts

Sreya:

—> Need to Improve in Intro and also explain more about technical skills sets and Projects rather than personal Information

—> Need to Learn DS Concepts and Explanation of OOPs Concepts should be Clearly Explained.

Sanyal:

—> Intro Need to be improve(Just Spoke very little)

—> Answers should be given at least 2-3 sentences, not One Word Answers.

—> Good in DS,Have some Quick Revision of all concepts which will be useful for further interviews

Sameera:

—> Nice Intro but need to Explain about Projects in Intro

—> Need to learn about OOP's Concepts

—> Role was on Front End in Project,So Prepare well for questions in HTML And CSS as well since mentioned in Resume

—> Need Good Explanation in DBMS

Devaki:

—> Nice Intro

—> Good in OS, Python Subjects

Harika:

—> Intro is Good

—> Have Some Revision on Theoretical Subjects

MOCK INTERVIEWS

GUIDELINES FOR CONDUCTING MOCK INTERVIEWS

- The Mock Interviews are conducted for final year students of Batch (2019-2023)
- The order of students selected for panel is based upon CGPA
- Panel wise Mock Interviews are conducted. Each Panel consists of 10 students.
- After students for each panel are finalized, a meeting is conducted to give instructions to the students regarding their dress code, body language and as well updated resumes which they need to send to the faculty coordinator.
- Once the resumes are received from the students all the resumes are sent to the experts of that panel two days before the mock interviews.
- The date and timings of the mock is given by the experts according to their feasibility and the interviews are conducted according to those timings.
- The mock interviews are conducted only on weekends not week days as both the Experts as well students will be busy in their work. The students complete their mock interview in any one of those days.
- After completion of mock interview, a feedback form is given to the expert to fill regarding the students in which area an individual student should improve.
- The same suggestions are intimated to the students as well.
- To conduct mock interviews online platforms like Zoom and Google Meet are used.
- The link is created one day before and is shared to the students as well as to the Experts.
- To share any information regarding the mock interviews whatsapp group has been created. In that group the members will be Head of the Department, Faculty coordinators and students.
- Head of the Department and Faculty coordinators will be the Group admins. Each panel students once they finalize according to the CGPA will be added to the group-by-Group admins.

- In that group once the students are added they will be getting information about the mock interviews. Information like Panel members, Link to the meetings and any information given by Experts.

Instructions to Students:

- The instructions to the students is mentioned at the time of the meeting which is conducted one week prior to the mock session.
- For each and every panel the meeting is held by Head of the Department (HOD), faculty coordinators to the students.
- The instructions to the students is given in a clear format regarding the body language, the formal attire, and the network connections as well the updated resumes which they need to send to the faculty coordinator.
- Guiding them what should be present in the resume and telling them they should have grip on what they have mentioned in the resume and also to brush up their technical skills.
- A resume has to be submitted before the deadline.
- If the students are unable to attend the mock interview due to any reason they have to intimate earliest so that faculty coordinators can replace them with other student's. So that the other student doesn't miss the chance.
